### 100 words

Beoplay H3 are premium earphones that feature a powerful and authentic sound experience in housing crafted from a lightweight metal that makes it robust yet ultra-light. 26 air vents have been precision drilled into the housing of the earphones to provide both comfort and amazing acoustics. Beoplay H3 are designed to fit your ears with airtight precision and maximum comfort. That perfect fit inside your ear ensures that there is no sound leakage – and that you get the best possible acoustic performance. The inline remote and microphone give you hassle-free control over your device right from the cord.
