

## Music's next move

Beosound A5 goes where no portable speaker has gone before.  
Acoustically. Aesthetically. Effortlessly.

Elegant looks disguise a world of power and precision that brings huge sound anywhere – in the home, or out in the wild. Serious bass. Seriously smart. With A5, you won't know what's hit you.

Stream anything wirelessly. Connect other speakers seamlessly. All in a grab-and-go package that's designed to be updated over time instead of replaced, so it'll always be by your side.

This is music's next move.
